[How to Change the Wick on a Dyna-Glo Kerosene Heater - YouTube](#)

Why won't the flame go out on my kerosene heater? I have a 2006 Dyna-Glow RMC 95-C2 and every time I hit the extinguish button it goes out almost all the way, but not completely. There still a little flame in the back. The wick is retracting all the way, so I don't know what to do. If it had an extinguisher like the old Kero-Sun heaters I wouldn't be having this problem.

I have a Dyna-Glo Kerosene (RMC-95-C2) heater, After attempting to change out the wick, I installed raised and it wouldn't lower. So I took it back apart. When I went to raise it again, It would not. It doesn't click and immediately falls back to extinguished position. I haven't even attempted putting the wick back on until I get it to click and stay up. .
